Inspiration and Adventure - All in a Day's Work

There's a special versatility about Echo Valley Ranch & Spa that makes it an ideal event space for corporate retreats, meetings and incentive groups — from high tech to complete digital detox.

Thinking outside the box has never been so inspired.

Retreat experience

Located in the heart of British Columbia's "Cowboy Country", Echo Valley Ranch & Spa offers exceptional service and facilities along with the peaceful tranquility of the surrounding countryside.

It's not just the incredible setting that will take your team to new heights - it's working together, enjoying meals together, and going on adventures together, that will facilitate creativity, focus, and new ways of thinking.

Every corporate experience includes the perfect accommodation. Reserve your own floor, one of our lodges, or the entire resort - find inspiration and adventure Echo Valley style.

Fly in and discover new ways of thinking - our private paved runway guarantees that your corporate event starts without delay!

Tailored for you

We know there is no “one size fits all” solution, and your retreat experience at Echo Valley Ranch & Spa will always be tailored to your needs - with three different levels of connectivity.

Connections are the basis for a successful business - whether it be with customers, between team members, or simply with the internet. Which one are you looking to reboot and reconnect?

Retreats focused on finding a way to better connect with customers, benefit from our option with unlimited internet connectivity. It's almost like working in the office - but in a setting that will send your creativity to new heights!

Groups focused on team experiences will enjoy internet access as well, but limited to certain times each day. That way, team members are fully immersed in the experience, and not distracted by incoming emails and notifications.

Finally, groups looking for a digital cleanse and wanting to refocus, will enjoy their stay at Echo Valley Ranch & Spa without any internet connectivity.

Beyond four walls

The goal of your retreat might be to reconnect with your customers, build a stronger team, or completely disconnect from the digital world. Echo Valley provides the perfect setting to work on those goals together, and also a variety of activities to add a little adventure, strengthen team spirit, or completely immerse in the moment - no internet connection required!

Why not include a Photo Safari, or soft adventures such as panning for gold and traversing the canyon in a “Capture the Flag” team contest hike in your agenda? City slickers can learn to rope cattle and barrel race while Corporate Scavenger Hunts take on an eco-twist.

Our on-site activities include guided horseback riding, riding lessons, guided hikes & nature walks, mountain biking, bear-viewing, fly-fishing in the private ranch ponds, panning for gold, Fraser Canyon safari, gymkhana horseback riding games, geo-caching, ranch animal team building (collect eggs, feed horses...), roping and horse training demonstrations, evening entertainment featuring authentic Thai Food and traditional Thai dancing, campfire BBQ, and of course special winter activities including snowshoeing, ice fishing and snowmobile.

Spa experience

For complete relaxation after a day of work and adventure, we recommend one of our two Full Service Spas - our Western Spa or our Signature Thai Spa. Inspiration, adventure and relaxation - it's all in a day's work!

Farm-to-fork experience

The unique dining experience in Echo Valley is another part of the perfect corporate retreat - in our open kitchen and dining area people come together naturally, and enjoy the farm-to-fork fresh meals our executive chef creates.

Your group will enjoy three farm fresh meals daily, themed and styled to your preferences. A Western-styled BBQ around the fire, with Western entertainment is a favourite! Of course we can also accommodate any dietary requirement.

Our executive chef uses only the finest ingredients in his creations. We grow our own organic vegetables and herbs; we raise our own organic beef, chicken and pork and always use the freshest ingredients available.
